

PROSPECTACY™

Your trusted
Corporate Service Partner

Business Relocation Services

Prospectacy's highly qualified and experienced team will design a bespoke relocation process that meets your business needs, while providing an end-to-end back office support system including a variety of corporate, legal and financial services, ensuring that all the processes and procedures are compliant with the laws and regulations of Cyprus.

Owing to Prospectacy's long term-experience in relocating services comprising of a vast number of clients, and in conjunction with the great understanding of the local market, Prospectacy ensures efficiency, safety and success.

Regardless of whether the decision to relocate your business is made for economic or socio-political reasons, Prospectacy can serve your business needs with all required services. Through relocation services, our clients have the opportunity to take a quick and agile approach for accessing all benefits that can be obtained by relocating to Cyprus.

Cyprus offers the lowest corporate income taxes in the EU; the exemption for dividend participation from tax on profits; there are no withholding tax and succession taxes. This makes Cyprus one of the most ideal destinations for business relocation.

We are a team of Business and Legal Experts specialising in supporting the eCommerce Industries in markets all over the World

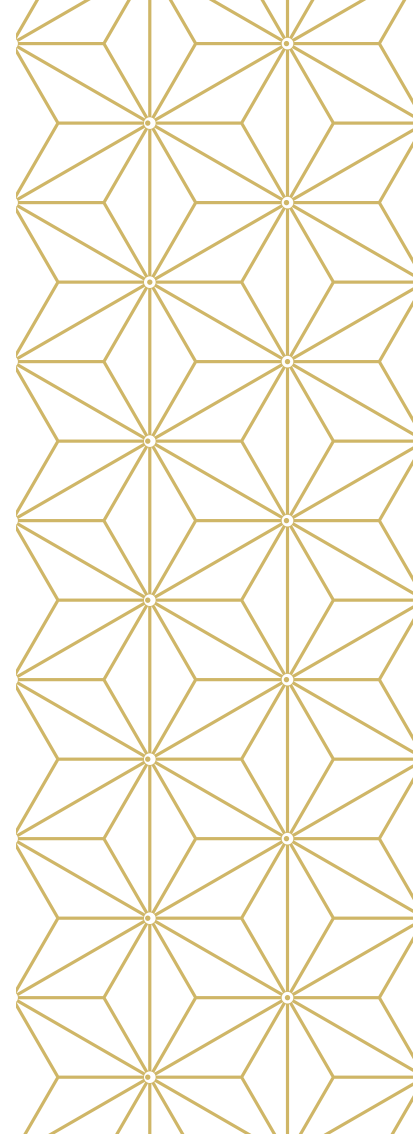

Prospectacy can help your organisation license particular properties or even formally relocate into particularly profitable jurisdictions, resolve your own IP issues, and both secure and protect the most desirable website domains that your business needs to maximise its profits in this extremely competitive industry. We can also offer business and international banking support, including continuous monitoring, compliance and cash-flow protection services.

Prospectacy can help with both your day to day operations and your bottom line.

Move into Foreign Markets Easily and Efficiently with help from Prospectacy

The global economy offers huge rewards. Fast growing emerging markets present plenty of lucrative opportunities for expansion with lower competition. But taking advantage of them can be complicated and fraught with problems. We have practical experience you can rely upon to make your relocation easy and efficient.

- // New Business Creation
- // Adding an Office Abroad
- // Registration and Tax Compliance
- // Permits and Paperwork

Ensure your success with a Professional Company Management and Financial Oversight Team

The international banking community can be inhospitable to legitimate eCommerce interests. Even a tiny failure in monitoring or compliance can result in cash-flow problems and closed accounts. Prospectacy can provide both management and support, dealing with any problems before they affect your bottom line.

- // Account Opening
- // Account Management
- // Settlements and Payments
- // Account Processing
- // Legal Support

Merchant Account Opening and Payment Processing Industry Consulting

The ability to accept credit and debit card payments is an e-commerce business's lifeblood. Prospectacy understands this, and has experience dealing with the many legal and bureaucratic difficulties new companies can face when applying for their first merchant ID. We can not only make sure your application is presented flawlessly, we can help you make the best possible deals on your processing arrangements, keeping even a small or newly-minted organization profitable.

- // Accept a wide range of card and account types, from MasterCard and Visa to Discover, and many more international options.
- // Make Prospectacy your unified payment processing and merchant account services partner, keeping everything simple and efficient.
- // Take advantage of transaction rates and other arrangements exclusive to our clients!

E-wallets and Alternative Payment Solutions

E-wallet systems make it easier than ever to send and receive money online, without the expense and inconvenience of going through traditional international banking systems. Money from variety of online sources can be kept in one absolutely secure notional space, which you can access at the mere touch of a button from any internet-capable device. Certain e-wallets evolve to obtaining features like IBAN and, in essence, present alternative to conventional bank account.

- // Make payments locally or internationally with ease, and without crippling transfer fees.
- // Withdraw funds to a host of online destinations from one simple dashboard.
- // Move between different currencies easily, and transfer your balances more efficiently.
- // Buy goods and services with a prepaid credit or debit card which draws directly from your e-wallet.
- // Connect directly to your e-commerce website with secure API tools.

The protection of your Brand, your Domain, and your Intellectual Property is vital to your success

We boast a deep technical understanding of the industry which allows us to protect what is yours both legally and practically in the ever-shifting digital world. We can help you secure yourself and your brand against imitators and competitors by keeping the most valuable domains in your hands. In fact we can manage all of your domain registration needs, and ensure that you know about any unfriendly attempts upon your domains in time to act.

- // Domain Protection and Management
- // Data Protection and Compliance
- // Trademark Registration and Infringement
- // Branding and Market Protection

We also offer Competent and Industry-specific Legal Advice and Support

The gaming industry is one of the most closely regulated industries in the world, and running your business across one or more borders only makes it more complex. In order to avoid the kind of problems that can cripple a business such as yours you need specialised, nuanced legal advice.

- // Regulatory Compliance and Reporting Support
- // Suits and Court Orders
- // Anti-Money Laundering Support
- // Risk Management Support
- // Provision and Oversight of Outsourced Functions

As a part of the Prospectacy organisation, we understand both the business needs of our clients and their demand for discretion. We provide a unique combination of local expertise and global legal understanding with knowledge of the demands of international business ventures.

Every organisation faces unique challenges and opportunities, and we welcome the opportunity to help your organisation thrive. Please contact us today to discuss your needs in complete confidence, and find out what Prospectacy can do for you.
